

# LOGAN MCELDOWNEY

## CAREER OBJECTIVE

As a recent graduate with a Bachelor's Degree in Computer Science, I am actively seeking an entry-level developer position where I can leverage my academic background, technical skills, and passion for technology to make meaningful contributions to a dynamic team. I possess a strong GPA, critical thinking abilities, and hands-on-experience working in the industry. My objective is to secure a full-time role in the technology industry that allows me to continue learning and growing as a developer.

## PROFESSIONAL EXPERIENCE

### DEV OPS INTERN

*Lockheed Martin, Littleton, CO / May 2021 - August 2021*

- Developed an automation tool using Java that streamlined the setup and readiness of new virtual machines, reducing setup time substantially.
- Gained hands-on experience with Agile software development methodologies.
- Worked closely with the development team to learn about the software development life cycle and DevOps practices.

### SHIFT LEAD

*Infinitus Pie, Broomfield, CO / Aug 2020 – Aug 2022*

- Successfully managed high-stress environments while meeting and exceeding customer expectations.
- Trained and mentored staff on job duties and procedures, resulting in improved performance and productivity.
- Demonstrated excellent interpersonal and communication skills to foster a positive work environment.

### WEDDING STAFF

*The Chateaux at Fox Meadows, Broomfield, CO / Oct 2015 - Present*

- Adapted to rapidly changing and high-pressure event plans while ensuring guest satisfaction.
- Trained new employees on day-to-day tasks, ensuring seamless team integration.
- Worked effectively with colleagues and customers from diverse cultures and backgrounds.
